

LEEDERVILLE FOOD SAFARI

Welcome to the Leederville Food Safari

Let us take you on a culinary journey of Leederville's famous precinct

Please find below the itinerary for your progressive dinner by rickshaw

Please arrive at Kitsch Bar Asia promptly on your booking time and introduce yourself to the friendly staff. You will then be seated where we will explain the program of the evening and get you started!

A short jaunt down Oxford Street takes you to the "Little Italy" of Leederville, Pappagallo. The team will serve up a charcuterie board with typical Italian flare, using the finest ingredients imported direct from Italy. Spend approximately 45 minutes enjoying the ambient vibes before your rickshaw drivers will escort you to the next stop.

Back at Kitsch for the main event; so good you had to be here twice. Enjoy the finest Asian flavours under the biggest frangipani tree you have ever seen, taking you back to those balmy summer nights abroad. After approximately an hour, your chauffeur will again collect you and escort you to the final venue for the evening.

It's a quick trip down to the main hub to Gusto Gelato where you can indulge in the sweet delights of handcrafted gelato. Made using artisan techniques learned in the Northern Italian town of Bologna. Take your tasty treat as you explore the resurging Leederville Precinct!
